'Freedom of Choice' Plan Closes DePriest This Fall

The Board of Trustees of the Hamlin Schools had a busy night Thursday as they voted to eliminate the DePriest School beginning with the fall term, named a new member to the board, rehired teachers, voted to make application for the federal "Head Start" program and discussed the building program.

With only 16 students choosing to go to DePriest School next fall under the freedom of choice plan, the board voted to integrate all of the grades in September. The 16 students were spread over four grades and it was decided that it would not be possible to continue the school.

Lewis Earl Madden was named by the board to fill the unexpired term on the board that was left vacant when

Revis Robertson resigned last month. Madden's term will be for one year.

The trustees authorized Supt. C. F. Cook and Prin. Marvin Carlton to make application for the "Head Start" program here this summer. Carlton will supervise the program if it is approved.

The program would be voluntary for the students and would be set up to handle 45 children.

The board rehired all of the teachers for next year.

The trustees read the report of the Citizens Committee named to study the building needs for the school and discussed the situation but took no action. Among the matters discussed was the increased maintenance cost of another building and the unequal farm land values.

In other action the board canvassed the vote in the recent election and reorganized with Bill Harbert and Richard Young Jr. being re-elected president and secretary, respectively, and Joe Hudspeth elected vice president.

Preparations for the Hamlin Garden Club Placement Show, Thursday, April 28, from 3 to 6 have been made and entries by members are being planned. The theme will be "As Spring Returns."

Entries in the Artistic Design division will be displayed in the home of Mrs. John Ed Day, 901 Southwest First.

The Horticulture Division will be held in the home of Mrs. R. D. Moore, 845 Northwest First.

The public is invited. There is no admission charge.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The weather is one subject that I have chosen to ignore until there is something to tell. Have repeated the same thing until there isn't any need of saying any more. All I hope is that we do not get what Haskell did, yesterday. That would be news, but certainly not the kind we want.

The church met Tuesday night, for a business meeting, and extended an unanimous call to Rev. R. M. Babb, of Sylvester, as pastor of our church. He and his wife came Sunday, he preached both morning and night, but did not feel satisfied to give an answer at that time. He will be back next Sunday to accept, or reject, the call. If our hearts had not been in it we would not have given him the call, so we are all anxiously waiting an answer next week.

Mr. and Mrs. Roy Watts were Thursday night visitors of Mr. and Mrs. Flavil Holmes. Penny Ford will start working in the First National Bank, since she will be married in two weeks, to an Abilene boy, she transferred from the Hamlinbank, to that city, where they will reside after their marriage. We wish her good luck in her new job and much happiness in her future marriage.

Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Winson Gray attended the revival at the Nazarene church last Monday night. They reported some good singing and preaching.

Mr. and Mrs. Joe Ford were Wednesday afternoon guests of the Henrys.

Mrs. Woodrow Godwin, Mrs. R. E. Ray and Mrs. Elmer Joiner, went to Abilene last Thursday afternoon to drive Mrs. Lois Hampton to the Rehab. center. Mrs. Hampton was quite disengaged at the way her recent illness had set her back with her walking, but after a few minutes of despondency she bounced back to her old jovial self by singing "The Eyes of Texas are Upon You". It is a mystery that she can say the words of a song almost as well as ever, but cannot speak but a limited number of words.

Mr. and Mrs. Jack Wright and children, came over for supper Saturday night and a visit with Mr. and Mrs. Flavil Holmes and their Granny.

Mr. and Mrs. H. L. Ford, Mr. and Mrs. Fred Rosenbaum attended the open house, of the new house built by O. L. Cooper, in south west Hamlin, Sunday afternoon.

Rev. L. L. Trott, missionary of the Baptist Double Mountain Area, brought the evening message using a text from II Timothy. He further challenged the young men to "Preach the Gospel."

It seems that the mice out this way are a lot more religious than some are, for they have really taken to the church house. Putting out poison didn't discourage them, they just ate it and seemed to increase on it. We have always heard the saying "as poor as a church mouse."

Braley, Sutton Receive Licenses To Preach In Ceremony Sunday

North Central Avenue Baptist Church had special services Sunday evening when the parents of the candidates stood with them and Rev. Irwin presented the License Certificates.

George Campbell, chairman of deacons, brought the charge to the candidates from the church reminding them of the importance of their decision to preach. He also encouraged them with the knowledge that every member of the church would support them in every way.

Rev. William Irwin, pastor, challenged the young men to be faithful to the task they had been called to do. He reminded them "Everything is not always going to be as wonderful as it is today but you have been called into the greatest calling in the world and your God will always be with you."

Rev. L. L. Trott, missionary of the Baptist Double Mountain Area, brought the evening message using a text from II Timothy. He further challenged the young men to "Preach the Gospel."

these may be poor but they must like it. We are always having problems with wasps, mice, or coons but since there are several vacant houses in the area around the church the coons have given up getting in, they must have found another home.

Following the message, the parents of the candidates stood with them and Rev. Irwin presented the License Certificates.

Larry is the son of Mr. and Mrs. L. M. Braley, 114 N. W. Ave. I Terry is the son of Mr. Howard Sutton, 350 N. W. Third, and the late Mrs. Sutton. Both are seniors in Hamlin High School.

Approximately 175 attended the special service.

★ ATTEND CHURCH SUNDAY ★

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MHS students are back to the grindstone after four days of getting back to normal after the holidays. Most of the seniors brought the flu from Galveston and are missing out on the last six wonderful weeks before graduation. The juniors weren't effected by the trip (much) they are as fit as a fiddle and ready to go back again, maybe they will do just that next year.

Wednesday the track boys packed up for the district track meet at McMurry. The High School boys did pretty well in the Low Hurdles, 100 yd. Dash, 220 yd. Dash. When the Junior High boys hit they really racked up, not only bringing home five first places but winning the meet. We feel these boys have done a fine job representing our school and we would like to

congratulate them.

Thursday was the day for the district volleyball tournament at Moran. The girls won the first two games with Olden but fell to Moran in the next two games. After two very exciting games the boys were defeated by a narrow margin. They did a fine job but had a little hard luck.

Friday school was dismissed early because of illness. It seems all the students and teachers were coming down with these strange symptoms. Could it have been spring fever, no, it was probably the flu.

Bright and early Monday, the beginning of the first week of the last six weeks, began. All MHS students know what this means. It won't be long until that time of year.

Coach has been working hard packing away basketball and football suits for next year. We hope to see a few more victories but will be satisfied with a season as good as the past one.

The parents are still playing volleyball on Thursday nights. Come out and join the fun. If you can't do that, come out and visit with those sitting on the bench.

A beautiful spring morning and we missed a good chance for rain on Sunday, but maybe we will get some next time surely hope so.

Mr. and Mrs. Charles Meeks of Clute Tex visited with his parents over the weekend, the F. E. Meeks, they all attended Sunday School and Church.

Mrs. Woodford Pursley, Mrs. Homer Pursley, Mrs. Ezell Whitten and your correspondent went to Rotan on Thursday to a W. M. U. meeting which we truly enjoyed, just wish every one could have gone with us.

Mrs. Leveret was able to return to teach her classes on Monday. She has been quite ill with the flu.

I am sorry that I have failed to mention that the men of the community took their tractors and plowed Mr. Robinson's fields for him. He had eye surgery in Lubbock and will not be able to do any work for several months yet. Our people are very good to help out in any way that they can and any time they can.

The Sylvester Cemetery needs a lot of working. Isn't there some way that while the men aren't too busy in the fields that we could have a day and do what needs to be done out there?

Our water line added three meters on all our utilities. It means that more people are moving in.

Mr. and Mrs. Johnny Guthrie and Shannon of Lubbock spent the weekend with the Roy Herrons and attended Sunday School and Church at the Baptist Church. We are very happy when people visit our community and attend either of our Churches.

Charles Morton has been real sick with the flu. Surely hope he is feeling better.

Mrs. Fred Turner has been spending some time here with her husband and getting to do some fishing.

The Pete Perales have had two of their married daughters visiting with them. Frances lived here with them before she married.

Neinda Cemetery Work In Progress

The Neinda Cemetery is being cleaned of grass and weeds this week, according to the trustees of the Cemetery Association.

All graves are hand worked and most everyone is familiar with the way the clean up is financed. The cemetery is cleaned semi-annually and is paid for with contributions.

The trustees, M. H. Castleberry, Irby Weaver, Ray Williams, and John R. Brown, extend an invitation to everyone to visit the cemetery and see the work that has been done. They also express their appreciation to all those who made the work possible.

Anyone wanting to contribute may make a check payable to Neinda Cemetery Association.

Driver Training Sign-up Set May 23

Driver Training will begin May 23 with registration at Hamlin High School according to Harold L. Williams, teacher of the three-week course.

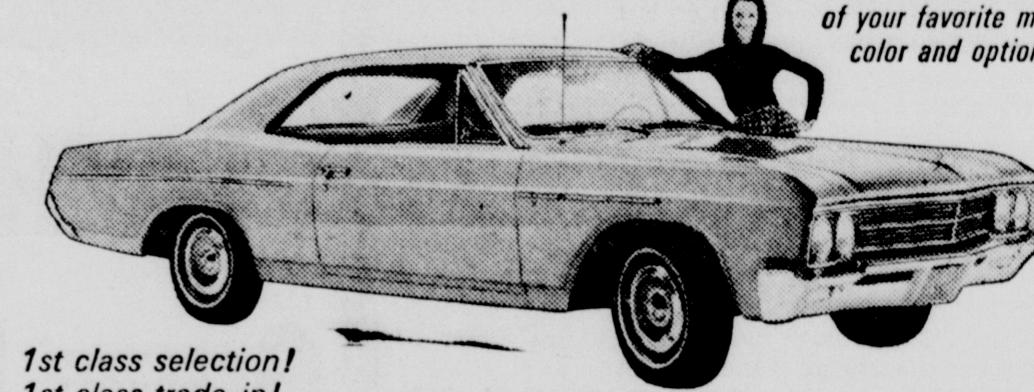

Each student is required to have 30 class hours before driving begins. To be eligible for the course the student must be 14 years of age by the first day of August and pay the fee of \$25.00.

Will your education be too small

for the big opportunities ahead?

A little bit of learning can be a dangerous thing . . . for you! Because in today's job market, the smaller your education, the smaller your chance for success.

There are plenty of opportunities . . . big opportunities . . . in America's expanding economy. But only for those who've got what it takes. (And what it takes is a good education.)

A good education is the number one requirement for almost any good job you can think of.

Area Farm and Ranch News

By Don Elmore

The West Texas Barrell Racers met last Sunday afternoon in Aspermont for their monthly meet. However, a half and rain storm surely soaked everyone. They moved to Hamlin and the racers here were nice enough to let the girls use the arena. The wind and dust blew for awhile, but they had a nice meet anyway.

There will be a Cal Roping and Barrel Race here Sunday, May 8, at 1:30 p.m. R. E. Josey from Post will match Larry Guy of Abilene and Trent on ten head of calves each. These two are very good ropers and it is a mystery who will win.

Say, if anyone has the address where to order a good rain, would they please notify this paper or me. The country I have seen around here could use one.

Bridge Winners

Mr. and Mrs. Jack Russell were first place winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge Club.

Mrs. Bland Harrison and Mrs. Effie Ellis, both of Stamford were second. Mrs. Floyd Briscoe and Mrs. W. O. Willbanks were third.

Visitors in the home of Rev. and Mrs. Tommy Ewing and family were her parents, Mr. and Mrs. K. L. McCaslin, and a brother and his family, Mr. and Mrs. Charles McCaslin and daughters, all of Tulla.

Mrs. Bob Craig visited her father, T. P. Fincher, in Shackelford County Hospital in Albany, and her mother, Mrs. Fincher, and grandmother, Mrs. P. S. Fincher, at Fort Griffin Friday and Saturday.

Neinda Philosopher Has A Strong Answer to The People Who've Been Saying He's Lazy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 seems to be trying to defend himself, his letter this week indicates. It's a job we'd never undertake.

Dear editor:

From time to time some people around Hamlin have implied, implied thunder, have come right out and said that I'm lazy.

"Ole J. A., whoever he is, must be the laziest man in this part of Texas," I heard one man tell another in town one day while he was looking over a copy of The Herald. "You ever heard of anybody as far behind in his work as he seems to be?"

I now wish to state that some people just don't know the difference between an economic index and the cost of living.

Some people thought the reason I didn't build a new fence around this Johnson grass farm was that I was too lazy, whereas actually all the time I was fighting inflation.

I didn't have to wait for the economists to tell me that plowing into the job of putting a new roof on my house would be inflationary. In this modern, complex world, a man has got to know when to put the breaks on. You'd think the big industrialists would know this without having to be told.

Declining to jump on my tractor and plow up some unused ground isn't laziness, it's anti-inflationary. You're not going to catch me sending the inflationary spiral off the top of the chart and bringing economic collapse to the entire nation.

The next time you hear somebody say I'm lazy, ask him to get in touch with President Johnson.

Yours faithfully,
J. A.

The band is now preparing for the concert that they will give April 26, at 8:00 p.m. Since we have

HIGHLIGHTS FROM AUSTIN

Austin — As State agencies charged with meeting the Federal deadline of submitting a Texas Water Plan by June, 1967, "wade" through all obstacles in the path of that plan, "water" is the topic at every turn in the capital city.

An unique statewide water plan of importance to all area of Texas will be unveiled within the next few weeks.

In a brief preview, water experts revealed that the overall 50-year plan will cost more than \$2,000,000,000. Joe M. Kilgore, chairman of the comprehensive water planning advisory committee, said the proposals are "broader than ever before attempted by any government."

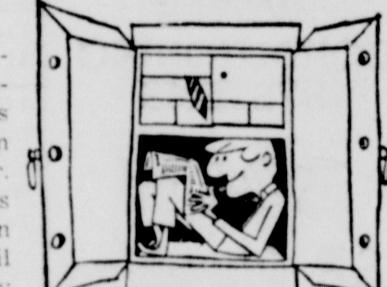

Joe G. Moore Jr., executive director of the Texas Water Development Board, said the plan will propose redistributing of water from surplus areas of northeastern Texas. Recommended diversion would follow the Trinity River, the Brazos River and a canal down the Texas coast.

Moore estimated cost of waste treatment facilities alone to bring stream "return flow" (for reuse) to acceptable standards at \$740,000,000. Figure would include regional treatment systems for both municipal and industrial wastes.

No other state, said Chairman Kilgore, has attempted to so include in one massive effort all aspects of water planning touching on its entire economy and cultural life.

Attorney General Speaks — State Savings and Loan Department has authority to decide whether a business not under its regulation may use the term "savings" as part of its name, Atty. Gen. Waggoner Carr ruled.

The Board of Trustees of the Hamlin Schools had a busy night Thursday as they voted to eliminate the DePriest School beginning with the fall term, named a new member to the board, rehired teachers, voted to make application for the federal "Head Start" program and discussed the building program.

With only 16 students choosing to go to DePriest School next fall under the freedom of choice plan, the board voted to integrate all of the grades in September. The 16 students were spread over four grades and it was decided that it would not be possible to continue the school.

Lewis Earl Madden was named by the board to fill the unexpired term on the board that was left vacant when

Revis Robertson resigned last month. Madden's term will be for one year.

The trustees authorized Supt. C. F. Cook and Prin. Marvin Carlton to make application for the "Head Start" program here this summer. Carlton will supervise the program if it is approved.

Mrs. D. D. Harden is president and Miss Lennie Greenway is secretary-treasurer.

The government sponsored program is a two months pre-school session designed to give the underprivileged an opportunity to be better prepared for the first grade in the fall. The government pays 90 per cent of the cost with the school furnishing the building for its share if the balance.

The program would be voluntary for the students and would be set up to handle 45 children.

The board rehired all of the teachers for next year.

The trustees read the report of the Citizens Committee named to study the building needs for the school and discussed the situation but took no action. Among the matters discussed was the increased maintenance cost of another building and the unequal farm land values.

In other action the board canvassed the vote in the recent election and reorganized with Bill Harbert and Richard Young Jr. being re-elected president and secretary, respectively, and Joe Hudspeth elected vice president.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The weather is one subject that I have chosen to ignore until there is something to tell. Have repeated the same thing until there isn't any need of saying any more. All I hope is that we do not get what Haskell did, yesterday. That would be news, but certainly not the kind we want.

The church met Tuesday night, for a business meeting, and extended an unanimous call to Rev. R. M. Babb, of Sylvester, as pastor of our church. He and his wife came Sunday, he preached both morning and night, but did not feel satisfied to give an answer at that time. He will be back next Sunday to accept, or reject, the call. If our hearts had not been in it we would not have given him the call, so we are all anxiously waiting an answer next week.

Mr. and Mrs. Winson Gray left for a visit in Houston with their children,

Mr. and Mrs. Doyal Bills and daughters. They are to return Monday.

Mr. and Mrs. Tom Ingram, of Petersburg, spent last Wednesday night with Mr. and Mrs. E. A. Henry.

We were speculating last week that so much company had probably worn the Henry's out, but Mrs. Henry reported Sunday that she had felt ten years younger after having so much company. That is old time hospitality.

Penny Ford will start working in the First National Bank, since she will be married in two weeks, to an Abilene boy, she transferred from the Hamlinbank, to that city, where they will reside after their marriage. We wish her good luck in her new job and much happiness in her future marriage.

Mr. and Mrs. Roy Watts were Thursday night visitors of Mr. and Mrs. Flavil Holmes.

North Central Avenue Baptist Church had special services Sunday evening when Larry Braley and Terry Sutton were licensed to preach the gospel.

Mr. and Mrs. Joe Ford were Wednesday afternoon guests of the Henrys.

Mrs. Woodrow Godwin, Mrs. R. E. Ray and Mrs. Elmer Joiner, went to Abilene last Thursday afternoon to drive Mrs. Lois Hampton to the Rehab. center. Mrs. Hampton was quite discouraged at the way her recent illness had set her back with her walking, but after a few minutes of despondency she bounced back to her old joyful self by singing "The Eyes of Texas are Upon You". It is a mystery that she can say the words of a song almost as well as ever, but cannot speak but a limited number of words.

Mr. and Mrs. Jack Wright and children, came over for supper Saturday night and a visit with Mr. and Mrs. Flavil Holmes and their Granny.

Mr. and Mrs. H. L. Ford, Mr. and Mrs. Fred Rosenbaum attended the open house, of the new house built by O. L. Cooper, in south west Hamlin, Sunday afternoon.

It seems that the mice out this way are a lot more religious than some are, for they have really taken to the church house. Putting out poison didn't discourage them, they just ate it and seemed to increase on it. We have always heard the saying, "as poor as a church mouse,"

Following the message, the parents of the candidates stood with them and Rev. Irwin presented the License Certificates.

Lary is the son of Mr. and Mrs. L. M. Braley, 114 N. W. Ave. I Terry is the son of Mr. Howard Sutton, 350 N. W. Third, and the late Mrs. Sutton, Both are seniors in Hamlin High School.

Approximately 175 attended the special service.

Rev. William Irwin, pastor, challenged the young men to be faithful to the task they had been called to do. He reminded them "Everything is not always going to be as wonderful as it is today but you have been called into the greatest calling in the world and your God will always be with you."

Rev. L. L. Trott, missionary of the Baptist Double Mountain Area, brought the evening message using a text from II Timothy. He further challenged the young men to "Preach the Gospel."

these may be poor but they must like it. We are always having problems with wasps, mice, or coons, but since there are several vacant houses in the area around the church the coons have given up getting in, they must have found another home.

READY FOR New CARGO

This ship has been emptied of its cargo, and now stands ready to take on fuel and more cargo for further service. If this ship were to remain empty, it would be of no value and would be failing in the one thing that it was built for.

Man was created to be a companion to God, and when he does not join in worship with God, he is failing in the reason for his creation.

Make your life mean something for God...

★ ATTEND CHURCH SUNDAY ★

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MHS students are back to the grindstone after four days of getting back to normal after the holidays. Most of the seniors brought the flu from Galveston and are missing out on the last six wonderful weeks before graduation. The juniors weren't effected by the trip (much) they are as fit as a fiddle and ready to go back again, maybe they will do just that next year.

Wednesday the track boys packed up for the district track meet at McMurry. The High School boys did pretty well in the Low Hurdles, 100 yd. Dash, 220 yd. Dash. When the Junior High boys hit they really racked up, not only bringing home five first places but winning the meet. We feel these boys have done a fine job representing our school and we would like to

Neinda Philosopher Has A Strong Answer to The People Who've Been Saying He's Lazy

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 seems to be trying to defend himself, his letter this week indicates. It's a job we'd never undertake.

Dear editor:

From time to time some people around Hamlin have implied, implied thunder, have come right out and said that I'm lazy.

Ole J. A., whoever he is, must be the laziest man in this part of Texas." I heard one man tell another in town one day while he was looking over a copy of The Herald. "You ever heard of anybody as far behind in his work as he seems to be?"

I now wish to state that some people just don't know the difference between an economic index and the cost nomist and a bum.

According to a front-page Article I read in a copy of a newspaper last night, the leading economists of this country have advised President Johnson to ask big business to slow down and even postpone some plant expansion, in order to head off inflation. They have studied the economic index and the cost of living and spiraling prices and decided that too fast expansion at this time would be inflationary, and many industrialists have agreed.

I am pleased to announce such a fine band, let's all attend the concert next Tuesday.
